

Change A Child's Story

VOICES FOR CHILDREN 2021 ANNUAL REPORT

MISSION

To improve the lives of children in foster care through powerful volunteer advocacy until each child is placed in a safe and permanent home.

LETTER FROM THE EXECUTIVE DIRECTOR

Dear Friends,

2021 was another challenging year for everyone. For the children and families served by Voices for Children, CASA, the uncertainties of continued COVID-19 concerns were amplified. In response, our CASAs advocated for creative solutions to address the ever-changing landscape. From arranging outdoor visits to facilitating online story time, our CASAs continued to press-on to ensure the children we serve were not overlooked during the pandemic. Our CASA Volunteers provide a consistent presence and promote nurturing relationships for the child, while helping to find, engage, and strengthen the support network for the child and their family.

Last year, CASA celebrated 225 children's case closure - children who were reunified with their family, adopted, or permanently placed within a loving family. Thanks to the overwhelming support of our community, 597 children from the seven counties we serve had a CASA Volunteer to ensure their best interests were heard in 2021.

Dedicated staff and supporters continued to participate in planning and attending our fundraising events, special projects, and awareness campaigns. After sprinting through the Superhero Fun Run, Voices for Children hit a hole in one with our annual Golf Tournament. Our Holiday Drive supplied children and families with needed essentials, while our Shop for CASA annual school clothing drive ensured the children we serve started the school year in style.

I could not be prouder of our advocates, staff, and supporters. Through countless hurdles and by carving out new paths, our organization was able to thrive and continue to be a strong and steady presence for the children in our care. To our staff, thank you for your dedication to this organization. To our supporters, thank you for believing in our mission. Lastly, to our CASA Volunteers, thank you for persevering through it all to provide children with the best possible advocacy.

With appreciation,

Amy L. Faulkner

WHY CASA? ADVOCATE STORIES

"I freely admit that I made hundreds of excuses why I couldn't be a CASA volunteer for many years. Then something stirred within me saying, "It's time." Now I share the highs and lows of helping a child, who has been thrust into the "system" through no fault of his/her own, with the wonderful members of the members of the Voices for Children CASA staff, CPS

caseworkers, foster and kinship families, judges, attorneys, doctors, and teachers who impact the life of that child. Together, as a team, we focus on helping that child imagine and secure a bright and successful future. And now I wonder why it took me so long to say "yes" to volunteering as a CASA."

- CASA Volunteer, Linda Timmerman

WHY CASA? ADVOCATE STORIES

"So many people around us are suffering, some from problems of their own making, and others from problems out of their control. Regardless of where the blame lies, the suffering is most devastating to those who are least able to protect themselves. Beneath all of the statistics about poverty, drug addiction, mental illness, and other societal ills are children for whom the ills are not statistical, but personal and scary. I became a CASA to help these children negotiate the scary, dangerous world that they did not create. Every child placed in a safe home is a victory in a war with no end in sight."

- CASA Volunteer, Mark Troy

WHY CASA? DONOR STORIES

"After serving as a Court Appointed Special Advocate for 6 years with Voices for Children, I know how essential their role is for giving help to abused and neglected children. The work of the volunteers gives a voice to children who cannot speak for themselves. Voices for Children provides support for the children, and works with the families, foster families, Child Protective Services, and the court to make decisions that are in the best interest of the child. The goal is to help provide a safe and permanent home for the children. Voices for Children achieves this goal with great care, concern, and respect for everyone." - **CASA Supporter, Mary Napper**

"We believe a Society is judged by how it treats its most vulnerable. Ernie previously served on the Board of Voices for Children for 8 years. Marilyn served as a CASA for 10 years. We know, first hand, that Voices for Children has and continues to make a difference in the lives of the foster children they serve. We feel strongly that any contributions to Voices for Children can change a life for a child in the foster care system." - **CASA Supporters, Marilyn Maynard and Ernie Wright**

until each child is placed in a safe and permanent home.*

ADVOCATE SUCCESS STORY

"There are times when a teenager is thrown into the foster care system that will result in them "aging out" before the life of the case ends, even while their younger siblings remain in care. This can be not only very troubling for the teen but can create an added strain on the bonds between siblings placed in different homes. Such was a case I worked a few years ago involving 5 siblings. As CASA, part of our job is to encourage and advocate for the sibling bond to remain intact. Despite the age gaps and final placements of this sibling group, this young adult continues to this day to have ongoing relationships with their siblings and their adoptive families. As well, I continue my own bond with them and continue to support, advise and cheer their accomplishments."

-CASA Volunteer, Noelle Perry
